

## CPO General Meeting Minutes 11.4.16

CPO board members in attendance: Karen, Katey, Michele, Julie, Jess

Mr. Mela was our guest speaker, he was happy with the 6<sup>th</sup> grade social, happy with the kids behavior during the alicie drills and the fire drills, discussed the extra 20 minutes at the end of the school day next year, will be used for advisory time, extra help, etc., there will be a committee about how to best use this time, a member of that committee will try to attend the 11/29 CPO Board meeting with Erik Deede and possibly the nurses and someone from student services. He also let us know about the 12/19 school committee meeting about the extra 20 minutes.

The 6<sup>th</sup> grade social did well financially and there were 216 tickets sold.

Jodi Sparks from the book fair committee asked us to look at the security permissions on the Curtis store reporting software. She is going to email me the link to the sign up genius for parents to volunteer for the book fair.

Cultural Enrichment committee is still looking for a speaker for the fuzzy mud book meeting.

The direct appeal is at \$10, 870, half of this time last year.

The cookie sampler committee had a problem with the SED teachers insisting on having the Curtis teacher cookies, Mr. Mela will discuss with SED administration.

The November 29<sup>th</sup> meeting time has been set for 7-8:30

The Gear Committee is not doing a spring online sale, but they will have enough inventory for people who want to buy throughout the year, they determined a once a year sale is enough. The current gear committee members are making this their last year, so we will need to recruit and train replacements for next year.

We need additional directory committee members for next year.

Should advertise on the messenger that we need these new volunteers.
